

Azizi Life US is a not-for-profit organization which shares God's love by partnering with artisans in Rwanda through fair trade promotion and sales of handcrafted goods and cultural experiences.

Volunteer Coordinator

We love serving Rwandan artisans as they lift their families out of poverty!

In order to thrive in work, Azizi Life is looking to build a team of volunteers to work from their home communities in the US. The Volunteer Coordinator will work from home to seek out, engage and guide volunteers to together complete the essential functions of Azizi Life US, and to help us to grow. To this point in our history, our work has been done by a handful of volunteers, including the Board of Directors.

The main work of Azizi Life US is to support the work of Rwandan artisans by selling handcrafted goods and promoting cultural experiences. This work is primarily expressed through in-person sales and craft fairs, website sales, and sales to wholesale customers. We also engage in opportunities to share about the work in Rwanda, and we fundraise for other community-based work in Rwanda.

Our Board of Directors feels that our Volunteer Coordinator will be the key to reaching towards our vision!

The Volunteer Coordinator will seek volunteers to cover significant work in the following areas. These roles are flexible, depending on the skills, interest and availability of the recruited volunteers.

Essential Volunteer Needs

- Sales Coordination for:
 - Hosts of local craft sales events (Bazaar & Champion Sales)
 - Wholesale customers
- Customer Care
 - Answering phone calls and emails and directing customers to the right information source
- Accounts, Banking & Bookkeeping

Additional Key Volunteer Opportunities

- Product Design
- Photography
- Marketing & Social Media
