Commitment and Role

Azizi Life volunteers each work from home and within their own home communities. Much of the work is done remotely via telephone or the internet. Please let us know if you do not have access to these resources. Our volunteers are self-motivated and good at working independently (or finding others to work alongside them!). In addition to our general volunteer opportunities, we are looking for key Lead Volunteers who can invest significant time to direct various aspects of Azizi Life's work in the U.S. Some of Azizi Life's work is seasonal or project-based. If you are only available for a specific period of time, please let us know and we will look for a project that fits well for you.

What are your dates of availability?

How many hours per month do you feel you could realistically commit to Azizi Life activities?

Do you prefer regular work hours or project-based work?

What else would you like to share about your availability?

Please indicate which roles most interest you. We are also looking for volunteers to lead our efforts in these areas. If you would like to lead our volunteer efforts in any aspect of our work, please check "Lead Volunteer".
